THE AMERICAN NUMISMATIC SOCIETY
BROADWAY, BETWEEN 155TH
AND 156TH STREETS
NEW YORK

December 10th, 1920.

Mr. Walter Wood,
400 Chestnut St.,
Philadelphia, Pa.

Dear Sir:-

At a recent meeting of the Council of The American Numismatic Society, it was decided to publish the proceedings and reports of our meetings in brochure form in the series of Numismatic Notes and Monographs, beginning January 1921.

Under an arrangement with the publishers of The Numismatist, this periodical has been sent to you heretofore at our expense in order that information regarding meetings of our Society might reach you. The cost of doing this has come from our general funds which are limited. Recently, there has come the opportunity for publishing our proceedings in the new form. As they will be sent to all our members, there is not the same need for continuing our arrangements with the Numismatist, and after January 1921 you will no longer receive copies of this magazine by reason of your membership in our Society.

Our relations with the editors and publishers of the Numismatist continue to be of the friendliest. If you have found in the Numismatist interesting and valuable reading matter, we trust that you will respond favorably to the accompanying invitation of the editor of this magazine by becoming a regular subscriber.

Very respectfully yours,

Sydney P. Noe
Secretary.

The American Numismatic Society,
Broadway, between 155th & 156th Sts.,
New York, N. Y.

Dear Sir:-

The enclosed letter comes to my hands this morning.

I am a Life Member of the Society.

And always look forward with interest to the receipt of the "Numismatist" which is an interesting periodical.

I am sorry if my Life Membership will not, in the future, bring this publication to me as it is the only advantage that I have from being a member of the Society.

I would be obliged if you can let me know what is to be my ultimate fate, and awaiting which, I am

Very truly yours,

Walter Wood

Enc. Letter.

December 16th, 1920

Walter Wood, Esq.
400 Chestnut Street
Philadelphia, Pa.

Dear Mr. Wood:

Your letter of December 11th has been received. Permit me to explain that the Numismatist was sent you at the expense of our Society in order that you might find in it records of the meetings of the Society which you were unable to attend. This was done by paying a minimum rate to the publishers of the Numismatist for the 400, or more, copies which were distributed to other members of our Society who, along with you, are not members of the A.N.A.

The Numismatist is not published by our Society but by the American Numismatic Association. In consequence, now that we are to print in the new form of Numismatic Notes and Monographs the material which appeared formerly in the Numismatist, we are severing our connection with that periodical, as my letter to you indicates.

You will receive the numbers of the Numismatic Notes and Monographs - to these you are entitled through your Life Membership; you will, also, receive copies of our Journal as it appears.

I trust that this explanation will give you the information which you desire.

Very respectfully yours,

Secretary

Secretary, American Numismatic Society,
156th Street & Broadway,
New York City, N. Y.

Dear Sir:

Can you kindly advise me if it is still possible to secure a copy of the Foch Medal and the size of check I should send for the same.

I had hoped to secure one through the Numismatic and Antiquarian Society of Philadelphia, of which I am also a member, but Mr. Langenheim advises me I must apply to yourselves.

Yours very truly,

Walter Wood

ask Dr. Roe which
as letter did not state metal

January 16th, 1922.

Mr. Walter Wood,
400 Chestnut Street,
Philadelphia, Pa.

Dear Sir:-

I am glad to be able to write you that through action of the Council at their meeting on last Friday, I am permitted to have an additional bronze Foch Medal struck for you. The cost is five dollars.

Very truly yours,

Secretary.

Sydney P. Noe, Secretary,

The American Numismatic Society,

New York, N. Y.

Dear Sir:

Pardon the delay in answering your letter of January 16th, in which you kindly offer to have a bronze Foch Medal struck.

The party for whom I made the request is on the point of leaving for quite an extended trip so I fear that it will be necessary to abandon the thought, good as it was.

Yours very truly,

Walter Wood

The American Numismatic Society,

Broadway at 156th Street,

New York, N. Y.

Gentlemen:

I have read a very interesting book, Pamphlet #9, by David Eugene Smith, issued by our Society in 1921.

Can you kindly forward the enclosed letter to his address.

Thanking you for the trouble I am putting to, I am

Yours very truly,

Walter Wood

WW:H

Enc.

P.S. Was the paper which Mr. Smith read before the Society February 7th, 1921, printed? If so, can I secure a copy?

I take it that it is a more extended paper than the little brochure I have been reading, which is #9 entitled "Computing Jetons."

September 13th, 1922

Walter Wood, Esq.
400 Chestnut Street
Philadelphia, Pa.

Dear Mr. Wood:

I am glad to forward your letter to Dr. Smith. The monograph, "Computing Jetons", to which you refer is an amplified form of the lecture which Dr. Smith delivered last February in this building.

Very truly yours,

Secretary

Miscellaneous

SUGGESTION—The best results are obtained by attaching to all letters the tissue copy of your reply. This facilitates reference.

ALPHABETICAL FILING.

1—Place in the file a set of Guide Cards indexed with the subivisions of the alphabet. For a single file use 25 guides indexed rom A to Z. For larger outfits we can supply guides alphabetically ubdivided into sets of all sizes from 40 to 3,000 A to Z, provided the uantity is a multiple of 20, as 40, 60, 80, 100, etc. For such outfits e suggest the use of 40 guides to each file.

2—Write the name of firm, individual or subject, using separate older for each important heading, index said folder by placing it etween the alphabetical guides.

3—Use a set of Red tab Folders lettered alphabetically to corresond with lettering on guide tabs, place one folder behind each uide. In these folders file all miscellaneous papers that do not ustify a special folder. This prevents crowding the files with many olders of little value.

4—For transferring alphabetical files, best results are obtained by emoving all the folders, with contents intact, to transfer case of ume capacity. See illustration below.

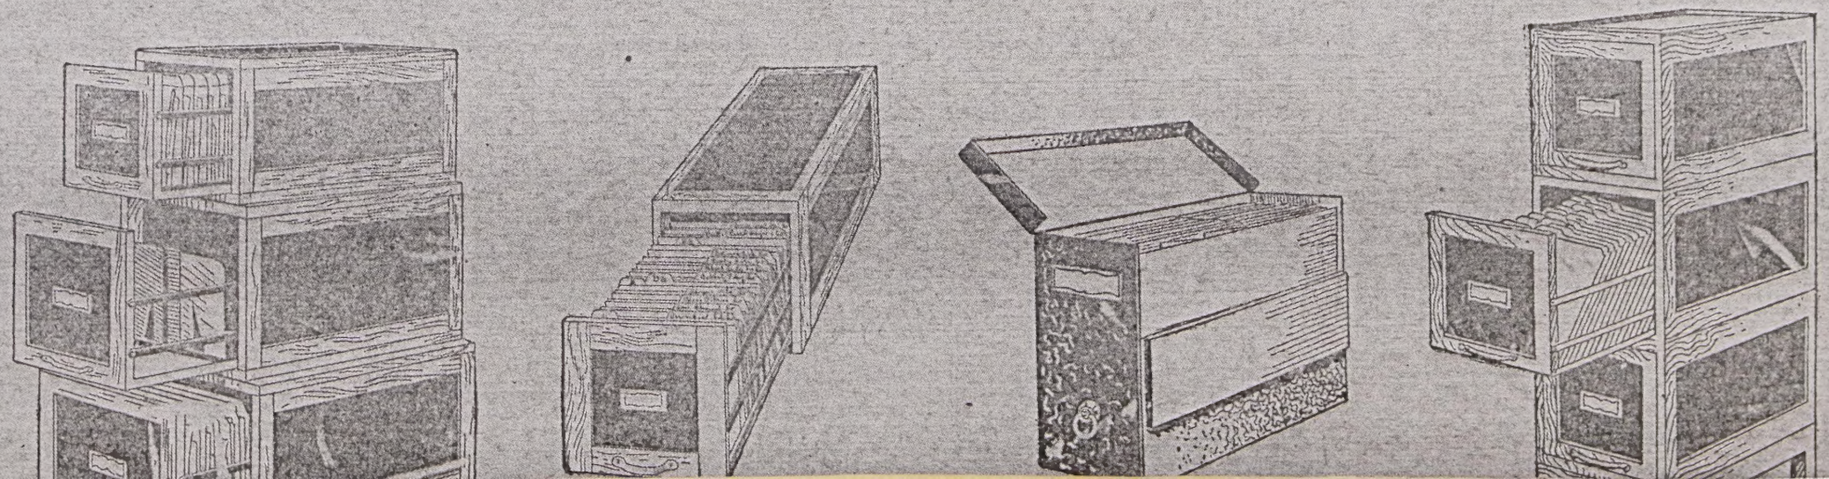
NUMERICAL FILING.

This form of filing is used only in exceptional cases. Using Guide Cards numbered at intervals of 10, and a separate folder for each name or subject numbered from 1 up. As a reference or key, use S/W Card Outfit, alphabetically indexed.

When desirable to transfer single folders as they become bulky or obsolete, use transfer volumes,* that can be stored away on shelves, recording date of transfer and case number on the new folder, using form below:

(*See illustration No. 591 below.)

Month	Day	Year	Volume	Month	Day	Year	Volume



Bill size No. 790

etter size No. 791

Cap size No. 792
